Branch notices

Across our branch network, we displayed new opening hours and alternative ways for customers to access cash when the branch is closed.

Impact Assessments

Impact Assessments explaining the proposed changes and alternative ways to manage your account(s) were uploaded to the Society's website.

Branch

We talked about the proposed changes with customers who visited the branch. We offered help with registering for and using alternative channels, including online banking and our app.

Looking after our community

We spoke to customers who need extra support, both by phone and during branch visits. We chatted to them about the changes. This helped us to spot any specific needs they may have. We also talked about different options that may be available to them to make sure they felt supported.

Communicating this change with the local community

We informed the following stakeholders of the proposed changes in branch opening hours.

Stakeholder contacted by letter
Matt Bishop , House of Commons, London SW1A 0AA.
Gloucestershire County Council , Shire Hall, Westgate Street, Gloucester GL1 2TG.
Forest of Dean Citizens Advice , Ow Bist, Forest Community Space, Dockham Road, Cinderford, Gloucestershire GL14 2AQ.
Age UK Gloucestershire , Henley House, Barnett Way, Gloucester GL4 3RT.

Feedback from our customers

We haven't had any customer feedback or complaints as a result of our proposals.

When discussing the impact of the changes with customers, colleagues have taken time to understand individual customer needs and explained the support available to them.

This has included:

- Other ways to manage their accounts outside of branch opening hours, such as online banking or our app
- The options available to access cash through ATMs
- The range of services available by telephone banking, which offers extended opening hours.

Colleagues have referred customers to the information provided in the Branch Impact Assessments.

We're still committed to supporting our customers. We'll continue to engage with them and address personal concerns, both before and after our new opening hours begin.

Feedback from stakeholders

Community stakeholders were notified of the proposed changes to the branch opening hours at the same time as customers.

Our communication included a link to the Branch Impact Assessment which outlined the reasons for the changes. It also included data on branch usage and a summary of the other ways customers can manage their accounts.

Stakeholders were invited to contact us to discuss the impact of the change to opening hours and the other ways customers could manage their accounts when the branch is closed. No responses or feedback were received following our engagement.

Latest update of customers using the branch

We've continued to monitor the trends of customers using the branch following publication of the original Impact Assessment. The bar charts below show the latest available data as at the time of publication.

The data confirms that the average weekly counter transactions completed by customers, and the number of accounts transacting in the branch, have continued to reduce compared to prior years.

Next steps

Following a review of the above feedback and the continued reduction in branch usage identified through the Branch Impact Assessments, we'll be proceeding with the proposed change to opening hours with effect from **5 January 2026**.
