Glossary

Cash Contribution

The gross monetary amount paid by the Society in support of community organisations, projects and causes.

Time Contribution

The cost to the Society of the paid working hours contributed by employees to a community organisation or activity.

Management Costs

Costs related to the management of our community programmes, including the employment cost of the Community team.

Leverage

The measure of any additional resources contributed to a community organisation or activity that come from sources other than the Society, notably members and employees.
