**Can I withdraw money?**

This is a **no access** account. After the 14-day 'cooling-off period' (see overleaf), you can't make withdrawals (including any interest paid into the account) or close the account before 31 August 2026.

**What happens when the bond's fixed period ends (matures)**

This Fixed Bond (374) will mature at the end of 31 August 2026.

We'll write to you at least 14 days before the account matures with details of how you can re-invest your savings with us, or take out some or all of your money.

There'll be a default option - another bond with us. The length of the fixed bond will either be shorter, the same or no more than six months longer than the duration of your current bond, and options to take money out will be no more restrictive than the options offered by your original account.

At maturity, the money in this account will be automatically re-invested into the default option unless you have asked us to do something else with it. However, you'll

	have the option to close your new bond, without being charged, within 21 days after the end of your fixed period.
<b>Additional information</b>	<p><b>This is a limited issue account, so we may stop accepting applications at any time.</b></p> <p>We pay your interest gross. The gross rate is the interest payable before the deduction of tax.</p> <p>*AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and added each year.</p>
